As I start my first season as the Head Football Coach at Grand Rapids Christian, there are many items that need to be addressed and many tasks that need to be accomplished. However, there is NO item more important than creating complete synergy between the High School program and GR Christian Youth Football. I recognize that the success of the High School Program is directly related to the development of our youth program. For us to become a State Championship program, we all have to work together developing drills, playbooks, and most importantly, a winning culture.

Change is never easy. I am busy meeting with coaches, parents, and organizational leaders to develop a vision that we all can feel comfortable and excited about. Your opinions and ideas are valued. Please feel free to contact me with your program ideas and thoughts. Our program vision will be evaluated and tweaked after each season to ensure we are making our program the best in the State. I have high expectations and goals for our program on the field and in the community, all the while helping young men in their Christian walk. The only way we can reach the highest level is if we all work together.

Football is a special activity and teaches many life lessons. My hope is that everyone who plays, coaches, or is involved in our football program enjoys himself. If we communicate, evaluate and focus on the process, we truly have the ability to be GREAT!

Our program acronym is "ACE"- Attitude-Christ-Effort. This acronym speaks volumes about my coaching philosophy. We can control our attitude and effort in all aspects of life. Extraordinary goals can be achieved with positive attitude and great energy, while having Christ as the center focus point. Please keep in mind at practices and games that football is more than winning and losing. If we can focus on attitude and effort, it will make the football experience more enjoyable for all of us.

I am excited to lead this program. I believe with all of us working together to create ONE program, we will help set up our boys and young men for future success on and off the field. "Be a Great Teammate."

We are all one program- GO EAGLES!

Sincerely,

Coach Fellows
"ACE"
